

Imagine Childcare and Kindergarten is setting the standard for excellence in childcare, providing inspiring learning environments to give your children the best possible start in their educational journey.

## ABOUT OUR CENTRES

Imagine Childcare and Kindergarten Southport is located right next door to Imagine Education's Main Campus and a short drive from Imagine Education's Southport Central Campus. Imagine Childcare and Kindergarten Nerang is conveniently located just a short drive away from these campuses too.

Both centres boast beautiful, modern classrooms that have been designed to encourage creativity, individuality and self-confidence. The centres utilise the latest technology, including interactive whiteboard technology. Large outdoor areas will capture your child's imagination as they explore water stations, mud kitchens, adventure forts, and our veggie and herb garden.
