Imagine has a warm, welcoming atmosphere and well qualified staff who are enthusiastic about your learning and their teaching. Having personally worked in education my entire life, I can assure you we are in “the business of education” not “the education business”.

We have built wonderful facilities in the Gold Coast and Brisbane for our students’ education. In addition to our four campuses, we also operate several live training environments including commercial kitchens in the Gold Coast and Brisbane, and an auto mechanic shop situated in the Gold Coast. We are part of the local community with our own private Early Learning Centres on our Main Campus grounds, catering to over 300 local families. Students from all over the

world can not only gain a great education, but join a local community and make local friends. Our curriculum is selected to meet the needs of our students, all of whom need genuine vocational and pathway outcomes from their studies. We take great pride that we are “Investing in Imaginations” and our focus is always on providing students with educational and lifestyle outcomes that enable them to live their dreams.

Imagine Education has established itself as an education provider of choice on the Gold Coast and in Brisbane, particularly in the fields of English Language Education, Early Childhood Education, Hospitality, Automotive, Fitness, and Business.

Education is the mainstay for people and families wishing to improve their lives and increase their global mobility. For most, this means mastery of the English language; for many, it means gaining a qualification in an area where there is high demand for jobs and a career. Imagine Education Australia is a place where we do things right, with genuine care for each and every member of our community.

We have lived and worked in Queensland for many years and know the region and educational systems well. Our staff are highly trained and networked in to the educational community here. The lifestyle you can experience on the Gold Coast and in Brisbane City is unparalleled anywhere in Australia. Both Brisbane and the Gold Coast are two of the best places on earth to live and study.

So thank you for choosing Imagine Education. We wish you a wonderful learning experience and look forward to getting to know you.

RECOGNITION - DIRECT CREDITS (CREDIT TRANSFERS) AND RECOGNISED PRIOR LEARNING (FOR VOCATIONAL COURSES)

Imagine Education Australia recognises the assessment decisions of, and Statements of Attainment and Qualifications issued by any other RTO.

Direct Credit (Credit Transfer)

Credit may be granted for formal study undertaken in a recognised tertiary institution within Australia, which can ultimately reduce the time needed to complete the course.

Recognition of Prior Learning (RPL)

RPL involves gaining credit for prior learning and knowledge attained elsewhere, such as in a workplace. This means certain modules may not need to be completed due to your competency, allowing for your prior knowledge and skill level to be formally recognised. This is provided your knowledge and skills are of the same standard as required in your vocational course.

RPL will allow you to progress through the course at a faster rate and have your prior knowledge and skill level formally recognised.

Applying for RPL

The application for RPL is an assessment just like any other assessment you may undergo while you are a student with the College. It is, therefore, not to be taken lightly. However, if you look at the advantages in undertaking this process, the time may be well spent.

You are able to apply for RPL for one unit or several units of competencies using the RPL process. You must be able to support your application with documentary evidence. If you believe that you already have competencies in the course you have applied for, contact Student Services for an RPL application. The Recognition Application Form for Direct Credit and Recognised Prior Learning (RPL) can be found on our website at <http://www.imagineeducation.com.au/students/rpl>. More information can be found in your Vocational Course Student Handbook.

Imagine Education provides written course feedback to students/ parents of HSP and Young Learner students every five weeks and has an intervention procedure in place to assist students who have difficulty with their course.

This figure covers living expenses such as food, accommodation, transport, clothing, fuel, power, telephone, and entertainment, and helps to ensure students are better able to make the most of their studies and have a safe and enjoyable experience in Australia.

STUDENT ACCOMMODATION

Homestay

Gold Coast Student Accommodation Centre manages Imagine Education's Homestay, including both individual placements and study tour students.

Gold Coast Student Accommodation Centre commenced operations in October 2009. We ensure the success of the Homestay experience for all concerned – the student, agent, education provider and the Homestay family.

Our goal is to provide a Homestay service that caters for the needs of the student as well as providing a safe and nourishing environment in which they can live and learn. At the same time we will provide support and encouragement to the Homestay families so that the experience is a pleasant one for them.

If you are under 18 years of age and have been placed in Homestay, the College is responsible for you and there are strict rules that must be followed. This is a condition of your Australian student visa. Gold Coast Student Accommodation will ensure the rules are explained to you on commencement of your Homestay. You MUST tell your Homestay parents where you are at all times, the same as you would your own family.

Housekeeping

Activities Indemnity

Imagine Education Australia and its representatives and staff will not be held liable for any loss, damages, death, illness or injuries to people or property whilst students are on any activity or excursion organised by Imagine. It is the student's sole responsibility to take out insurance against all such risks, and we recommend that students travelling to Australia take out comprehensive travel, accident, and medical insurance in their own countries.

Assessment, Mode of Delivery, and Study Needs

Assessment and mode of delivery are detailed in your Course Handbook which is available on orientation or on our website.

When you attend classes at the College you will need to bring:

- Stationery, such as a notebook, pen, stapler, eraser, ruler etc.;
- Your learning materials; and
- You may wish to bring a laptop or tablet as Imagine Education Australia provides wifi access for students at all our campuses.

Banks are open 9:30am to 4:00pm Monday to Thursday and 9:30am to 5:00pm on Friday. Automatic Teller Machines (ATMs) are numerous and you can use them 24 hours per day. Remember to CLOSE your bank account before you return to your home country.

Cleanliness and Hygiene

Some guidelines of good hygiene are:

- Showering or bathing each morning or evening;
- Applying a deodorant (anti-perspirant);
- Brushing teeth morning and evening after meals;
- Washing hands before meals and after using the toilet;
- Washing clothes regularly; and
- Use tissues when needed and put them in the bin.

Toilets

Separate male and female toilets are located on campus. If there is no toilet paper in the toilets, please inform reception. Please dispose of all sanitary pads (etc) in the containers provided in the female toilets. In Australia it is customary to sit on the toilet seat. Please do not stand on the toilet seat as this may cause damage.

Clean Up After Yourself

Ensure you don't leave your notes, learning resources, homework, assignments, notebooks or lecture pads behind in the classroom after a class has finished. Do not eat or drink in the classrooms. Place ALL RUBBISH in the rubbish bins provided around the College. Any cups or utensils used need to be placed in the dishwasher.

Clothing

Remember to bring a sweater or jacket if you feel the cold, as our campuses are air-conditioned. Please do not wear any rude words or pictures on your clothing; other people could get upset or angry! Students are expected to be dressed in an appropriate manner (no bikini tops or similar apparel or clothing with offensive language written on it). Shoes (footwear) should be worn whilst on campus at all times.

Complaints (Grievances)

Imagine Education is committed to top quality teaching and pastoral care. If a current student, or intending student, has a grievance that needs to be resolved, please follow the Complaints and Appeals Procedure outlined in this Student Handbook.

Communicating In English

Please speak English as much as possible while on campus as you are here to learn and improve your English. Please do not speak your own language in class as this is rude to students from other countries. You will get more English practice if you make friends with students from other countries who are also here to learn English.

Damage

Please tell an Imagine Education Australia staff member about any damage in or around the school.

Eating and Drinking

Food and drink should NOT be consumed in the classrooms. You can make lunch in the kitchen and eat it in the Common Room. Eating and drinking should be in the Common Room only. No food or drink should be consumed near computers.

Excursions

Teachers often organise excursions for their classes. These provide important opportunities to experience the 'real life' classroom. Excursions are a big part of teaching and learning at Imagine Education, so all students should attend. Some excursions are paid through your course fees but for others you are asked to pay a small fee. Students will be told about excursions one week in advance.

Fire and Emergency Evacuation Procedure

The College has an evacuation plan in case of fire or other emergencies. If an evacuation is ordered, you will hear the fire alarm or your teacher will tell you to evacuate. A map showing the nearest fire exit is displayed in each classroom. Please move immediately to the designated assembly area shown on the map.

- 1. Follow all instructions given;
- 2. Leave books and all equipment in the room;
- 3. Move rapidly to the assembly area but do not run;
- 4. Group with other students in your class group;
- 5. Students must be seated and remain so until the “all clear” is given by the Principal or the Evacuation Warden; and
- 6. Teachers will mark rolls.

First Aid

Any personal injury sustained at Imagine Education must be reported immediately to your teacher. A basic first aid kit is available at Reception for emergencies. The College can not supply students with medicines or headache tablets. This is the student’s responsibility.

Graduation

Graduation or the achievement of an award requires successful completion of your course, the payment of all outstanding fees, return of all College materials and property, and the achievement of the required level of attendance at the College.

Mobile Phones

ALL mobile phones must be turned off while you are in class at Imagine Education. It is very rude to other students and your teacher to take calls in class. If you need to be contacted urgently while you are attending class, you can inform potential callers, prior to class, to leave a message with Reception.

Post Office

There are post offices within walking distance of all our campuses. Please ask at Reception for your closest post office. Post office opening hours are from 8:30am to 5:00pm, Monday to Friday.

Photography Release

Any photos or footage taken at Imagine or by Imagine’s staff of Imagine’s students are the property of Imagine and may be used in the reproduction of materials for promotional use, without consent.

Privacy of Your Personal Information

Imagine Education will always respect your personal information and will only share your personal details with any third party if there is suspected breach of your student visa conditions. In these cases, your personal contact, enrolment, and course details may be shared with Australian Governments and designated authorities and the Protection Service and ESOS Assurance Fund Manager.

It is your responsibility to provide all necessary documentation to support your visa application. If you provide incorrect or incomplete information to Australian Immigration authorities, It may result in the cancellation of your visa and your enrolment.

Punctuality - Please don’t be late

Coming late to class not only disrupts others in your class and distracts your teacher. There are penalties for lateness and if you are more than 10 minutes late, you will be marked absent on the class roll. This could adversely affect your attendance percentage. You will not be able to access your class until after the next break period.

Safety

Australia is considered to be one of the safest countries in the world. However, like in all countries, risks should not be taken. For example, avoid dark areas at night time and take care of your belongings at all times. If you don’t know the area well or if you must travel at night, you should travel with a friend. Also, do not ride in a car with someone you do not know, even if they seem friendly or helpful.

Emergency Phone Number

Police	Phone 000 and say ‘Police’
Fire Department	Phone 000 and say ‘Fire’
Ambulance	Phone 000 and say ‘Ambulance’

Self Study

Use your time effectively and take advantage of all self-access activities offered. Students are free to use the College’s facilities to complete assignments, conduct research, and undertake additional study. For each hour of face-to-face teaching in class, you should try to reach the goal of one to two additional hours of review of your notes, reading and summarising your learning materials, revision of topics covered, writing of assignments, and preparation for future classes.

Smoking

No smoking is allowed at all on our campus grounds. Those who wish to smoke in BREAK TIMES need to go off campus. PLEASE DO NOT SMOKE on school grounds. The legal age for smoking in Australia is 18.

SUN SAFETY

The Queensland Cancer Council recommends the following:

- Slip on sun protective clothing;
- Slop on SPF 30+ sunscreen;
- Make sure your sunscreen is broad spectrum and water resistant; and
- Sunscreen should not be used to increase the amount of time you spend in the sun and should always be used with other forms of protection. Apply sunscreen liberally to clean, dry skin at least 20 minutes before going outside and reapply every two hours.

Slap on a hat

A broad brimmed or bucket style hat provides good protection for the face, nose, neck and ears, which are common sites for skin cancers. Caps and visors do not provide adequate protection. Choose a hat made with closely woven fabric - if you can see through it, UV radiation will get through. Hats may not protect you from reflected UV radiation, so also wear sunglasses and sunscreen to increase your level of protection.

Seek shade

Make use of trees or built shade structures, or bring your own! Staying in the shade is an effective way to reduce sun exposure. Whatever you use for shade, make sure it casts a dark shadow and use other protection (such as clothing, hats, sunglasses and sunscreen) to avoid reflected UV radiation from nearby surfaces.

Slide on some sunglasses

Sunglasses and a broad brimmed hat worn together can reduce UV radiation exposure to the eyes by up to 98 per cent. Choose close-fitting, wrap-around sunglasses that meet the Australian Standard AS 1067. Sunglasses are as important for children as they are for adults.

SURF SAFETY

Please ALWAYS swim between the red and yellow flags when you go to the beach. NEVER swim outside the flags. You will be watched by a trained lifeguard.

Do not swim alone, or at night, when no-one can see you. The ocean can be a dangerous place.

WORKING IN AUSTRALIA

Students need to be aware that in Australia there is a minimum wage paid for employment and different industries are covered by awards that protect the rights of workers. For more information you can visit the fair Work Ombudsman site <https://www.fairwork.gov.au/>

PHOTO: Always swim between the red and yellow flags at the beach

Staff Room

You may NOT enter the staff room. If you need to speak to a staff member, please knock and wait at the door.

Updating Student Contact Details - VERY IMPORTANT!

It is important that you notify the College of any changes to your address or telephone number in Australia. This is particularly important for students studying on an Australian Student Visa. The College notifies changes of address and telephone numbers to the Australian Department of Immigration and Border Protection. If the Department cannot contact you, they may regard you as being illegal and cancel your student visa. Imagine Education will seek contact details including address, phone number, email address every six months from students.

Student Noticeboards

Student noticeboards are located in the student common room. Students MUST NOT put any unauthorised notices on any of the college noticeboards.

Student Records

All student records are kept in a secure location and are accessible only to staff. Any student wishing to view their file can do so by asking the Course Coordinator.

STUDENT HOLIDAY LEAVE (ELICOS AND VET)

Students are permitted to take study breaks during the year. These must be full weeks starting on a Monday. Students holding Student Visas are advised to take holidays BETWEEN courses, and preferably plan them before they enrol.

ELICOS Students need to fill in a Holiday Application Form two weeks prior to their holiday (these are available from Student Services and our website). Applications will be considered by the Academic Manager and may be rejected if the student has studied less than 10 weeks (unless there is a special reason).

For ELICOS enrolments there is a maximum of four weeks holidays per 12 month enrolment. ELICOS students holding Student Visas will be required to seek approval from the Academic Manager, and will have to choose if they want their END DATE extended.

Student Visa holders who want to change their END DATE will require a new Certificate of Enrolment (CoE), and this will incur a fee. This fee will be added to their Student Account upon approval.

Any student holding a revised CoE must present it to the Australian Department of Immigration and Border Protection in Southport. Students holding a Student Visa are responsible for maintaining a current Student Visa and Overseas Student Health Cover (OSHC).

For Vocational (VET) enrolments, the number of holiday weeks included in the course duration will differ from course to course. Student holidays are built in to each course. Your course trainer will provide you with a Course Study Planner that will identify when student holiday breaks are.

TRANSPORT AND LOCATION MAP

If you are living with a homestay family, please discuss your transport options with them. Students living in apartment accommodation will need to make their own travel arrangements to and from classes. Bus, tram, and train services conveniently operate within the Gold Coast and Brisbane. You can access timetables and information using the following website: transinfo.qld.gov.au. Your Student ID card will give you a discount on the bus and train.

Imagine College Bus - College bus transfers

Imagine Education operates a FREE college bus for students between our Gold Coast campuses, Broadbeach, and Surfers Paradise. Australian Student Visa & the Australian Government ESOS Act

PROVIDING QUALITY EDUCATION AND PROTECTING YOUR RIGHTS AND YOUR FEES

If you hold an Australian Student Visa, you must study with an education provider that is listed in the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS Register). Imagine Education Australia, Southport is on this list of registered institutions, which can be found at <http://cricos.education.gov.au>. CRICOS registration guarantees that the course and the education provider meet the high standards necessary for Australia's overseas students' program. Please check carefully that the details of your course, including its location, match the information shown on the CRICOS site.

The Australian Government wants Australia to be a safe, enjoyable, and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS (Education Services for Overseas Students) framework and they include the (ESOS) Act 2000 and the National Code of Practice.

YOUR RIGHTS UNDER THE ESOS ACT:

 - Your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of this written agreement in your possession.
 - Safety for your Tuition fees: The ESOS Act includes consumer protection that enables you to receive a refund or to be placed in another course if your provider is unable to teach your course for any reason. This is something unique to Australia. This is managed under the Tuition Protection Service
 - It is your right to know:
 - o [How to use your provider's support services;](#)

IMAGINE EDUCATION AUSTRALIA - STUDENT CODE OF CONDUCT

The College has a Code of Conduct that ensures the rights of students and College staff members are respected, regardless of their age, gender, religion, or the way they look and dress. Please read this code carefully and ask your teacher if you do not understand anything. Serious breaches of the Code of Conduct may result in your course being suspended without a refund.

Conduct

Students are asked to come to class on time and to be polite to teachers and classmates. Your classmates come from many different parts of the world. We ask that you show respect for all your teachers and classmates, regardless of their age, gender, nationality, religion, or the way they look. This helps others to respect you and ensures a good reputation for your country!

Imagine Education Australia follows a strict course of action regarding illegal drug and alcohol issues and students face dismissal over the use or possession of such substances. Students under the age of 18 cannot smoke.

Imagine Education respects the rights of its students to study their chosen course without interruption and also expects that students will respect the College rules in turn. The College deplores bad behaviour, bad language, rudeness and bullying of any kind and aims to maintain a harmonious relationship among the student body. In cases where a student has been found guilty of serious misbehaviour, the College may take action to cancel the student's course and report him/ her to the Australian Immigration Authorities. In these cases, it is likely that the student's fees will not be refunded. Any action by the College to report a student is subject to the College's Complaints and Appeals process, described elsewhere in this document.

Below is the College's Code of Conduct and we ask you to read these carefully before you sign the Student Agreement.

Imagine Education Australia's Code of Conduct

Imagine Education Australia respects the rights of its students and understands the pressures that students may face, living and studying in a new country. Our staff are always ready to help and we want to fix any problems before they become too serious.

In return, we expect our students to behave properly in the school and respect the wishes of College staff and their classmates at all times.

In particular, we ask you to refrain from doing any of the following:

- Deliberately disobeying a directive by a teacher or staff member;
- Being rude or continually disruptive in class;
- Assaulting another student, or bullying, or making threats against another student;
- Making sexist or racist comments;
- Harassment of another student or staff member;
- Stealing from the school or from another student;

- Deliberately damaging equipment, including computer programs and computer equipment;
- Placing themselves or another student or staff member of the College in danger, by committing a dangerous, thoughtless, or negligent act;
- Falsifying any documents issued by the college (e.g. attendance certificate or class roll);
- Failure to pay tuition and course related fees;
- Failure to maintain satisfactory course progression; and
- Failure to maintain satisfactory course attendance (ELICOS Courses).

Any of the above could result in your suspension from class and the cancellation of your course without refund. In addition, if you are found guilty of a serious criminal offence in Australia, such as stealing or assault, you may also be asked to leave the College.

Drug and Alcohol Use

Imagine Education has a strict policy regarding illegal drug and alcohol use and students face dismissal over the use or possession of such substances.

Note: Under Australian law, students under the age of 18 cannot purchase alcohol, cigarettes or tobacco. It is also an offence to give alcohol to anyone under the age of 18.

Imagine Education Australia - Care and responsibility for students under 18 years of age

Imagine Education has been accepting students who are under 18 years of age for a number of years and has set up documented procedures and mechanisms to guarantee their safety and well-being and ensure that they are placed in suitable and appropriate accommodation.

Bullying Policy

Bullying of any kind will not be tolerated.

Imagine Education Australia strives to be a safe, caring school and we take bullying very seriously. Bullying can be described as “a wilful desire to hurt another person or put her/ him under stress” and “...its features often include repeated, hurtful behaviour”. If you feel that you are being bullied, or you see this type of behaviour, don't stay quiet. Tell someone!

Once a complaint has been investigated and established that there has been a case of bullying, the Course Coordinator and a student adviser will counsel the offending student. If the bullying continues a second counselling session will be arranged, but if after the second session the bullying persists the student will be suspended from class for a period of one day or up to one week. Continuous bullying may impact on a student's visa.

Academic misconduct

At Imagine education students are expected to make every effort to provide original work, and will refrain from copying the work of others.

Plagiarism can be avoided by using accurate referencing. Plagiarism is using more than 10 per cent of a source.

Plagiarism has been defined as “the copying of sections of any published work without acknowledging the source”.

Cheating is defined as:

- Handing in someone else's work as your own (with or without the original authors knowledge);
- Allowing someone to hand up your work as his or her own;
- Several people writing an assignment and handing up multiple copies, all represented (implicitly or explicitly) as individual work;
- Using any part of someone else's work without proper acknowledgement; and
- Copying another student's work during exam conditions.

Academic misconduct means:

- Presentation of data with respect to laboratory work, field trips or other work that has been copied, falsified or in other ways obtained improperly;
- Inclusion of material in individual work that has involved significant assistance from another person, where such assistance is not permitted;

- Providing assistance to a student in the presentation of individual work, where such assistance is not permitted;
- Falsification or misrepresentation of academic records;
- Plagiarism, as defined above; and
- Other actions not covered by the above clauses that may be judged to be acts of academic misconduct.

Computing

Imagine Education has an extensive computer network throughout the College for student use. These are located in the computer room. A wide variety of software is used to support the various areas of the curriculum. Students are encouraged to be creative in their use of technology for assignments and presentations.

To assist communication and research, all staff have individual email accounts and the internet is accessible from all workstations at the College.

Rules for the computer area:

- 1) Please do not eat, drink or smoke in the computer area.
- 2) Please do not change any settings on your computer.
- 3) Tell a staff member if a computer doesn't work or is broken.
- 4) You can buy CDs and USB at the shopping centre.
- 5) Read and follow the instructions for Internet use on the door of the computer room. No rude or offensive sites are allowed.
- 6) If you want to print out, please ask for paper at the Student Services Desk.

HEALTH AND MEDICAL INFORMATION AND REQUIREMENTS

All student visa holders must have Overseas Student Health Cover in addition to any personal health insurance they may already have. Please advise the College of any allergies or health ailments that may require medical attention.

For those students who have just arrived in Australia on a student visa on request, your Overseas Student Health Cover has already been paid on your behalf by Imagine Education. Medibank Private will send your membership card to the College. You do not have to wait for your card to arrive before you see a doctor.

Health Warning

It is good to make friends and have fun, but remember that AIDS and other sexually transmitted diseases are present in Australia, the same as anywhere else. Precautions must always be taken. If you are an adult and are sexually active, always use a condom. Condoms can be bought from supermarkets, chemists, and vending machines.

Overseas Student Health Cover Policy

Imagine Education Australia has policies and procedures in place to ensure that students holding a student visa are appropriately covered by Overseas Student Health Cover (OSHC) for the duration of their student visa.

For students aged 18 years and over, OSHC will be arranged from the visa grant date until the course end date. For students aged under 18, OSHC will be arranged from the visa grant date until the welfare end date as stipulated on the Confirmation of Appropriate Accommodation and Welfare Arrangements (CAAW) form.

At the time of issuing the initial Letter of Offer and invoice, the student's visa grant date is not known. Therefore, at the time of issuing the invoice the student will initially be charged OSHC for their enrolment period unless advised of a longer visa length.

Once the visa grant date is known to Imagine Education Australia, an additional invoice to cover any extra period will be generated and given to the student, with a copy sent to the Agent. This invoice must be paid either at school by the student or by Telegraphic Transfer through the Agent.

It is a requirement of the Australian Department of Immigration and Border Protection that students are covered for the entire duration of their student visa.

Imagine Education Australia Student Complaints and Appeals Policy

At Imagine Education Australia, we always try to give you top quality teaching and personal care. If you are not happy with any aspect of your course, or the care you are receiving, we want to know. Don't worry if your English is not so good. We will give you every help with your enquiry.

What to do if you have a problem

If you have a problem (grievance) about the College, or any aspect of your course, or the accommodation that the College has arranged for you, you should in the first instance tell the Student Services Officer at the front desk. Alternatively, you may wish to make an appointment with the Academic Head, or the College Counsellor. If these people cannot help you with your problem, they will arrange for you to see the College Principal.

Your right to Appeal (Internal Appeals)

If you are not happy with the College's decision, or the help you have received, you can lodge a formal appeal with the College Director. This formal appeal should be in writing.

Your Right to Access an External Complaints and Appeals Body

If your grievance still cannot be resolved by the above process, the College will arrange for your complaint to be heard by an external complaints and appeals body. This service is available through the Dispute Resolution Centre of the Department of Justice and the Attorney-General.

The Brisbane Dispute Resolution Centre is located on:

Brisbane Magistrate Court,
Level 1, 363 George St,
Brisbane 4000.

Contact details are:

Tel: Brisbane +61 7 3239 6007;

Fax: +61 7 3239 6284.

The College will arrange an appointment with either of the above organisations on your behalf and the process will be at minimal or no cost to you. All complaints must be made in writing.

NOTE: This policy is not applicable for User Choice, Certificate 3 Guarantee, and Higher Level Skill students.

Nominating a support person

International students may nominate a support person to accompany them at any stage of the dispute resolution process. Regardless of the procedures shown above, if you are still dissatisfied, you have the right to seek other legal remedies under Australian and Queensland Common Law. But we hope the problem will never get this serious and we will always do our best to help.

For International Students on Student Visas: If you wish to lodge an external appeal or complain about this decision, you can contact the Overseas Students Ombudsman. The Overseas Students Ombudsman offers a free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider. See the Overseas Students Ombudsman website www.oso.gov.au or phone 1300 362 072 for more information.

STUDENT GRIEVANCE (INTERNAL COMPLAINTS AND APPEALS) POLICY

Purpose

To provide a fair, equitable, confidential and timely process for managing grievances lodged by domestic and international students of Imagine Education Australia.

Policy

Imagine Education Australia recognises that all students have the right to lodge a grievance where they consider there are genuine grounds for doing so, and will address all grievances and complaints in a fair, equitable, confidential and timely manner, incorporating conflict management principles into all grievance processes.

The Imagine Education Australia Grievance and Dispute Resolution Policy and Procedure will be issued to all students prior to enrolment or before a contract is entered into, and again at orientation, or within 7 days of commencement of the course. All Imagine Education Australia employees will, in the course of their duties, refer any complainant to this document.

Students will be encouraged to discuss expectations and problems openly to avoid escalation of issues. Imagine Education Australia will ensure that the process for lodging and resolving grievances is easily accessible to students and not unduly complex. Teachers will be fully aware of the grievance process and will be committed to resolving any issues to the satisfaction of Imagine Education Australia and the student. In the event that an issue cannot be resolved internally, students will be advised of the appropriate legal body where they can seek further assistance.

Grievances will be processed in an appropriate timeframe and details kept confidential in accordance with the Privacy Act. All grievance interviews will be minuted. Disclosure of information will only occur if the grievance escalates to third party involvement, and Imagine Education Australia is legally required to provide information, or if permission is granted by the student to do so.

Imagine Education Australia will maintain a Grievance Register, where hard copies of documentation will be filed along with a summary of all grievances. Copies of relevant documents will also be kept on the student's file.

If an international student lodges a grievance, the student will be referred to the Student Liaison Officer for assistance. Imagine Education Australia will make every effort to ensure that disputes are resolved promptly taking into consideration the length of time the student will be residing in Australia on their student visa.

The Director-General of the Department of Education has the power to suspend or cancel the registration of Imagine Education Australia or a course if a breach of the requirements of registration provision is proved.

For International Students on Student Visas: If you wish to lodge an external appeal or complain about this decision, you can contact the Overseas Students Ombudsman. The Overseas Students Ombudsman offers a free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider. See the Overseas Students Ombudsman website www.oso.gov.au or phone 1300 362 072 for more information.

For Other Students: If you are concerned about the conduct of Imagine Education Australia you may contact the Australia Skills Quality Authority (ASQA). Complaints must be submitted online at <http://www.asqa.gov.au/complaints/making-a-complaint.html>. Information about how to make an online complaint is available at this site.

The dispute resolution process does not prevent a student from exercising the student's right to other legal remedies.

If a decision is made by Imagine Education Australia and the student is not satisfied with the grievance decision, they may appeal the decision.

Procedure

1 If comfortable, the student approaches the person concerned to resolve the complaint or discusses the issue with the relevant teacher. The student may be accompanied and assisted by a support person at any relevant meeting if they so choose. Where an illegal act has occurred, the Academic Manager/Course Co-ordinator is notified immediately and the appropriate authorities contacted.

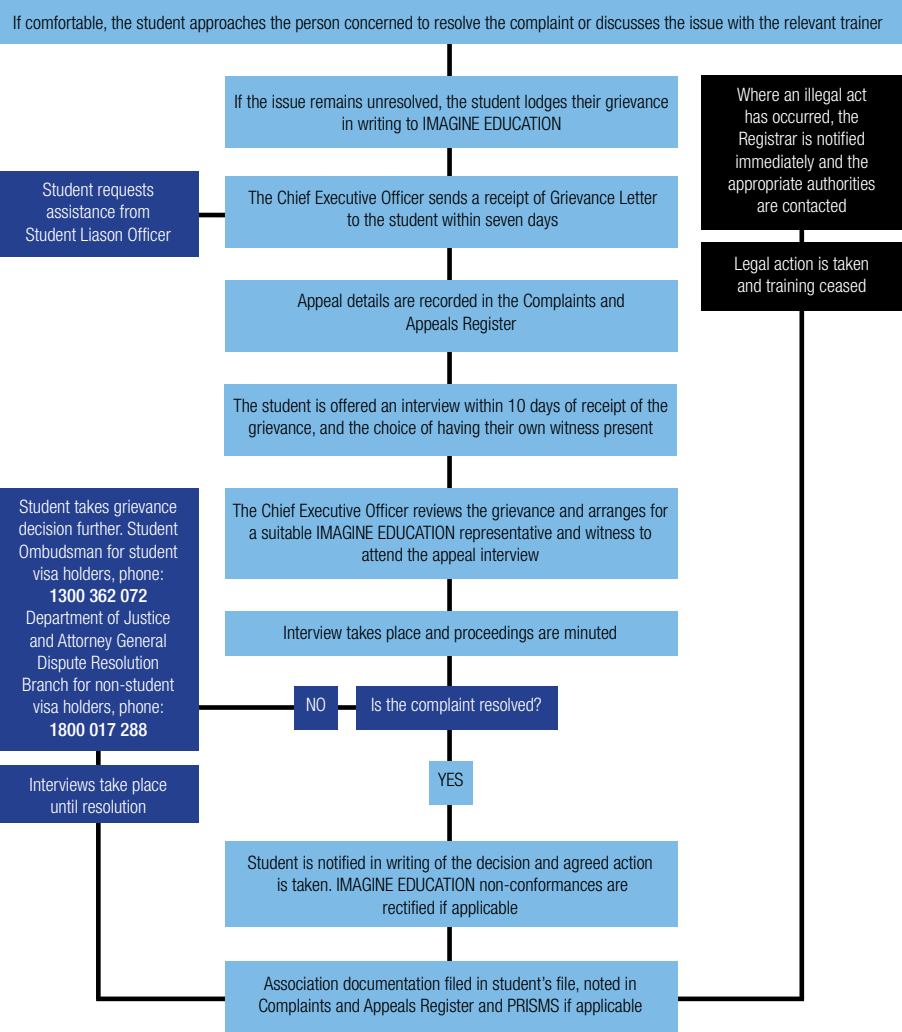

2 If the issue remains unresolved, notify Imagine Education Australia in writing of the grievance within 14 days after the discussion.

3 The Chief Executive Officer sends a Receipt of Grievance Letter to the student within 7 days. The student will be advised in the letter that the Student Liaison Officer will be available to manage their needs should assistance be required.

4 Grievance details are recorded in the Grievance Register.

- 5 The student is offered an interview within 10 working days of receipt of the grievance, and the choice of having their own witness present.
- 6 The Chief Executive Officer reviews the grievance and arranges for a suitable Imagine Education Australia representative and witness to attend the grievance interview.
- 7 The interview takes place and proceedings are minuted. The student receives a written statement of the outcome, including the reasons behind the outcome.
- 8 If the grievance is resolved at the interview, agreed action is taken and a confirmation letter sent to the student.
- 9 Associated documentation is filed in the students file and in the Grievance Register, and in PRISMS for international students, and agreed action taken.
- 10 If the grievance is not resolved internally, and the student wishes to take the matter further, Imagine Education Australia will arrange for independent mediation to resolve the dispute through the Overseas Students Ombudsman (ph 1300 362 072) for International students holding a student visa or for other students the Dispute Resolution Branch, Department of Justice and Attorney-General. There are six Dispute Resolution Centres throughout Queensland and a toll free number of 1800 017 288 is available for students. At present there is no fee for this service however this is subject to change.
- 11 Further interviews take place as required until the matter is resolved.
- 12 Once resolved associated documentation is filed in the students file and in the Grievance Register, and the outcome noted in the register and in PRISMS for international students, and agreed action taken. If it is determined that the grievance was directly due to the actions of an employee or inadequate Imagine Education Australia policies or procedures, Imagine Education Australia will address non-conformances or adjust policies or procedures immediately.

COMPLAINTS AND APPEALS FLOWCHART

TRANSFER BETWEEN PROVIDERS

Incoming Transfers

Imagine Education will carefully scrutinise the passports and visas of overseas students who indicate that they wish to transfer to Imagine Education from another registered provider, or who appear to have already completed a course with another registered provider in Australia. In the case that a student has completed a course with another registered provider in Australia, The student will provide evidence, complete the 'Walk in enquiry sheet' and the College will assess evidence.

In these cases, Imagine Education will only enrol the student if it is satisfied that:

- (a) The student has completed at least six months of his/ her principal course with the previous provider (or there is a valid reason for the student not doing so – see reasons a, b, c, d above);
- (b) The student has demonstrated a commitment to studies in the previous course;
- (c) The student has had a satisfactory attendance record for the previous course; and
- (d) To the College's knowledge, the student does not owe any outstanding fees for the previous course.

Imagine Education Australia will not knowingly enrol a student wishing to transfer from another registered provider's course without a written Letter of Release from the original provider

Procedures for Outgoing Transfers from Imagine to another Registered Provider

A student who wishes to transfer to another provider before completing his or her enrolled course at Imagine Education is first asked to discuss the matter with the Student Services Officer or the Academic Head. This is a standard procedure to ascertain if there is a problem that can be rectified, thereby perhaps, avoiding the need for a transfer. The student may or may not decide to comply with this request.

(i) Students who have completed at least six months of their principal course

There is nothing to prevent a student who has completed six months of a principal course from transferring to another registered provider at any time. In these cases, Imagine Education is not obliged under Standard 7 to provide the student with a formal letter of release but if the student requests a refund, the College will provide them with a letter, notifying the outcome of their request and the right to appeal if the request is denied.

(ii) Students who have not completed Six Months of their principal course

If the College sees that the student has not completed six months of his/her principal course* it will normally refuse the transfer, but if, in the College's opinion, there is a valid reason for the transfer at this stage of the student's course, then the College will approve the transfer and provide the student with a letter of release.

Reasons why the College might approve a premature release from the course could be:

- Compassionate or compelling circumstances: e.g. a young student's family moves to another state and wants their child to accompany them; and
- Academic circumstances: a student who has been at Imagine only one month is struggling in his course and requests a transfer to another provider who offers the course at a lower level, or who offers some alternative course that Imagine does not have.

In these circumstances, the only other option for the student is to cancel their student visa and return to their home country.

*Definition of Principal Course

The principal course is the student's main course of study, or that leading to the highest qualification/ award on the student's current visa. If the student is on a package of courses, the course leading to the highest qualification will be the student's principal course and the restriction will apply to the first six months of that course and any packaged course before it.

Where a student transfers from a principal course to a new course, the new course becomes the principal course. Departing students must provide a valid offer from a Registered Provider.

Before issuing the letter of release, the student must provide Imagine Education with a letter from another registered provider confirming that a valid enrolment offer has been made. Imagine will check that the course and the provider are currently listed on the CRICOS website at www.cricos.deewr.gov.au.

Letter of Release

Imagine Education will, on request, provide a Letter of Release at no cost to those students who do not complete their course of study with Imagine Education Australia, but have completed six months of their principal course of study and wish to continue study with another registered provider in Australia. If the student's application for transfer is refused by Imagine Education reasons for the refusal will be given in writing and the student will be informed of his or her right to appeal.

The Letter of Release will be provided to the student at no cost, and will contain the following information as applicable:

- any fees outstanding;
- the progress and academic achievement of this student;
- student attendance; and
- and will state that any CoE(s) issued by Imagine Education Australia relating to this student have been cancelled.

For the full "International Change of Provider Policy and Procedure" visit www.imagineeducation.com.au/documents/policies

DEFERRING, SUSPENDING, OR CANCELLATION OF ENROLMENT

A student may only apply to defer his/her studies on the grounds of illness, evidence by a doctor's certificate, compassionate or compelling circumstances on grounds beyond the control of the student or misbehaviour by the student.

Students must apply to their education provider for deferral of their studies and in doing so acknowledge the provider may choose to grant or decline any such request. Applications to Defer the Start Date of the Course, Temporarily Suspend and Withdraw are available on the Image Education website.

To "defer" an enrolment means to postpone the start date of that enrolment.

Only the students can initiate a deferral of their course start date.

To "suspend" an enrolment means to temporarily put the student's studies on hold, (adjourn, delay, postpone) after the student has commenced studying in the course in which the student is currently enrolled.

The College notifies the Australian Government through the PRISMS system of the deferment or suspension of enrolment.

Suspension or cancellation of enrolment could be initiated by either the student or the College.

Assessment of the Grounds for Deferment or Temporary Suspension:

The College can only approve a deferral, or temporarily suspension of a student enrolment on the following grounds:

- (a) Compassionate or compelling circumstances; or
- (b) Misbehaviour by the student.

- (a) Compassionate or compelling circumstances could include, (but are not limited to):

- Serious illness or injury, supported by a medical certificate;
- Bereavement of a close family member (where possible, supported by a death certificate);
- Major disaster or political upheaval in home country; and
- Traumatic incident - e.g. the victim of a serious crime etc. (where possible, supported by a Police, or Psychologist's report).

- (b) Misbehaviour could include, (but is not limited to):

- Deliberately disruptive/rude to a point where the behavior seriously interrupts the class;
- Deliberately disobeying a lawful directive by a teacher or staff member;
- Assaulting another student, or making serious threats against another student;
- Stealing from the school or another student;
- Deliberately damaging school equipment;
- Being found guilty of a serious criminal offence in Australia; and
- Deliberately falsifying any documents issued by the College (e.g. Attendance Certificate, or Class roll).

Another possibility for suspension or cancellation could be extenuating circumstances where:

- The student goes missing without explanation;
- Has medical concerns (e.g. severe depression);
- Is at risk of endangering himself or others; and
- Is at risk of committing a criminal offence.

Extenuating circumstances will need to be supported by appropriate evidence.

Under the terms and conditions of the Australian student visa, there are limited ways in which Imagine Education can agree to a deferment resulting in a suspension or prolongation of the student's enrolled course. "Compassionate or compelling circumstances" could be one reason for the deferment. Compassionate or compelling circumstances could include (but are not limited to):

- Serious illness or injury, where a medical certificate states that the student was unable to attend classes;
- Bereavement of close family members such as parents or grandparents (where possible a death certificate should be provided);
- Major political upheaval or natural disaster in the home country requiring emergency travel;
- A significant traumatic experience;
- Imagine Education Australia is unable to offer a pre-requisite unit;
- Inability to begin studying on the course commencement date due to delay in receiving a student visa;
- The student's behaviour is unacceptable as defined by the Imagine Education Australia Student Code of Conduct; or
- Failure to pay tuition fees.

In every case, written proof of the reason should be submitted to the College. Students requesting a deferment on the above grounds should submit their request in writing to the Student Services Officer. Any decision of the College to refuse the request is subject to Imagine's Student Complaints and Appeals Policy. Should a student have his/ her enrolment suspended or cancelled, the student is allowed 20 days in which to access the Imagine Education complaints and appeals procedures.

After 20 days, Imagine Education is obliged to notify the Australian Government and in doing so, the student's visa conditions may be affected.

Students wishing to defer their Course Start Date to a later date:

Unless sufficient notice is given, this deferment will result in a financial penalty (see the appropriate section of the College's Refund Policy.) Failure to attend orientation or defer start date may result in the student being reported to Secretary and TPS Director under section 47A of the ESOS Act as a student default five business days after the start date.

Course Cancellations at Student's request

This is also covered by the College's Refund Policy (see previously). If a course is cancelled by the student, the College must report the fact to Australian Immigration Authorities and this will affect your student visa. Usually, no refund is given once the student has commenced his/ her course but this is also subject to the College's Complaints and Appeals process.

Cancellation of a Student's course by the College as a Result of a Student's misbehaviour.

Again this is covered in previous sections of this document (see College Code of Conduct and Refund Policy) and is subject to the provisions of the College's Complaints and Appeals process.

Imagine Education Australia extends to students the option of using Ezi Debit to pay for their course fees. Students wishing to use this option must honour all payments set up on their Ezi Debit form.

In order to obtain a CoE for visa purposes, students must pay half the tuition fee in addition to any other course fees listed on their invoice. The remaining half of the tuition fee can be made using Ezi Debit to make regular weekly, fortnightly or monthly payments directly from the student's nominated bank account.

Non-Payment of Fees

If a scheduled payment is not received by Imagine Education Australia, the student will receive notification by telephone and will be advised they have five working days in which to make up that payment. If payment is not received within five working days, the student will be deemed to be in breach of the Code of Conduct, and will be issued with a Letter of Intention to Cancel for Non-Payment of Fees. The student will have 20 days to appeal this decision. Any CoE attached to the student's course will be cancelled, subject to the outcome of any appeal.

No refund of fees already paid by the student will be made.

If students on a payment plan withdraw once their enrolment has commenced, they will be liable for all tuition fees due as per signed payment plan agreement.

6. Transfers of Course fees between courses at Imagine: Course funds are transferable to other courses within Imagine Education at the discretion of the Principal. Imagine Education Australia will use the legislative instrument under subsection of 47(E)(4) of the ESOS act to determine fees transferable.

Exceptional Circumstances: Deferment of a Course of Study for an Existing Student: Where a student is unable to continue his or her studies for reasons deemed by the College to be to be "exceptional circumstances," (eg. illness or death of a close relative, backed up by documentary proof), the student will not be entitled to a refund but may apply for a deferment. Course deferments can be scheduled for any date in the future so that students are able to resume their studies at a time convenient to them.

Note:

- i. Course deferments cannot be converted to cash refunds under any circumstances.
- ii. The College does not offer a deferment, or transfer pre-paid fees to another person.

11. Requests for a Refund: Requests for refund should be made in writing and forwarded to Student Services. An acknowledgement of the request will be sent immediately to the email address nominated in the request, or the last known address held on file for that student. If the refund request is approved, payment will be made either in the form of a cheque made out in Australian dollars (AUD) to the enrolled Student, or by overseas transfer. If the payment was made by credit card the payment will be refunded to the credit card payment was made. The refund will be paid directly to the person who entered into the contract with the College, unless that person gives a written direction to the College to pay someone else except in the case of credit card refunds. Refund cheques will be posted to the nominated address, or made available for collection from Administration. All refunds will be processed and paid within four (4) weeks (28 days) of the receipt of the written request. Rights of International Students in Refund Disputes: In the case of a dispute over a refund, international students may access the College's Disputes and Appeals process and nominate a support person to accompany them at any stage of the dispute resolution process. If necessary, the College can also arrange an external mediator to help settle the dispute. This agreement and the availability of complaints and appeals processes, does not remove the right of the student to take action under Australia's consumer protection laws.

14. Provider Default: In the unlikely event of Imagine Education not being able to provide a course for an enrolled student, all fees, including the Enrolment Fee, Airport Greeting Fee and Homestay Arrangement fee as determined by the legislative instrument under subsection of 47 (E) (4) ESOS Act will be refunded to the student within 14 days.

15. Payments to Agents Representing the College: The college cannot be responsible for the refund of any consultation etc. payments made by the student to Education or Travel Agents. This is a separate contract between the student and the Agent.

What happens if Imagine Education cannot deliver the course in which you have enrolled?

In the unlikely event that Imagine cannot provide the course which you have enrolled in and paid for, the College will refund all fees paid, (including the Enrolment Fee and Homestay Arrangement Fee), within two weeks of the day that the course ceased. Under the provisions of the ESOS Act, Imagine Education is also a member of the Tuition Protection Service. This means that if Imagine is at any time unable to refund course money, or offer you a place in an alternative course, the Secretary and TPD Director will be notified and the Tuition Protection Service will place you in a suitable course with another registered provider at no cost to you. If the Tuition Protection Service cannot find a suitable course or provider to place you with, the Tuition Protection Service will attempt to place you in a suitable alternative course or, if this is not possible, you will be eligible for a refund as calculated by the Tuition Protection Service.

This means that if you are studying on an Australian student visa, your course money is safe and in all circumstances, you are assured of either getting the course you paid for, or a refund of your fees.

POSSIBLE ADDITIONAL FEES - SCHOOL AGE DEPENDENTS

Students should consider the extra expenses and difficulties associated with bringing their families with them to Australia. Dependents of international students attending government primary and secondary schools in Australia are required to pay tuition fees. For more information about school aged dependants, including school fees that may be incurred See: www.immi.gov.au

Should the student be accompanied by school age dependents, the student must accept responsibility for any primary or secondary school fees. The dependents are not eligible to attend government schools free of charge.

PROVISION OF LANGUAGE ASSISTANCE TO STUDENTS WHO ARE FALLING BEHIND IN THEIR STUDIES

While Imagine has strict English language entry requirements for Vocational courses, it recognises the possibility of differences in the English competence of individual students. Students' needs are determined at the initial student interview and reviewed throughout the length of the program of study. If you feel you need additional help with English at any time during your vocational course, please tell your teacher or Program Coordinator who will then arrange appropriate support. This may consist of additional self-learning programs using our English Language resources, or English coaching. English coaching may attract additional fees depending on how much help is required. Vocational students who are found to have seriously inadequate English skills and who can't be helped in this way, may not be allowed to continue in the program and may have to undertake a full-time refresher English course at Imagine Education. This will of course, attract additional fees.
